***“Long-Term Incentive Plan 2023, pursuant to Article 114-bis of TUF: granting of powers;
relevant and ensuing resolutions”***

(Prepared pursuant to Article 125-ter of Legislative Decree No. 58 of 24 February 1998, as subsequently amended and extended, and pursuant to Article 84-ter of the Regulation adopted with Consob Resolution No. 11971 of 14 May 1999, as subsequently amended and extended)

Shareholders,

This Report has been prepared pursuant to Articles 114-*bis* and 125-*ter* of Legislative Decree No. 58 of 24 February 1998 (Consolidation Law on Financial Intermediation or “**TUF**”), as subsequently amended and extended, and Article 84-*ter* of the Regulation adopted by Consob Resolution No. 11971 of 14 May 1999, as subsequently amended and extended (the “**Rules for Issuers**”).

Pursuant to Article 114-*bis* of TUF, the Board of Directors intends to submit for your approval the adoption of a Long-Term Incentive Plan “2023 *LTI Plan*”, approved by the Board of Directors during its meeting of 8 March 2023 (“**Plan**”).

This Report is therefore aimed at illustrating the rationale and content of the proposal concerning the aforementioned Plan. For definitions and an illustration of the content and provisions of the Plan, reference should be made to the Plan Information Document, drafted in accordance with Article 114-*bis* of TUF and Article 84-*bis* of the Rules for Issuers and made available to the public according to the terms and conditions mandated by applicable legislation. Accordingly, the terms commencing with a capitalised letter and not otherwise defined in this Report, shall be defined as specified in the aforesaid Information Document.

1. Reasons for adopting the Plan

The Plan, in line with applicable regulations, as well as the best practices (including the principles and recommendations of the Corporate Governance Code), intends to pursue the objective of increasing the value of the Bank Shares (“**Shares**”) meanwhile aligning the economic interest of its Beneficiaries to those of the stakeholders. The Plan has the following objectives:

- to determine a connection with the component of variable remuneration linked to the medium-long term objectives and the value creation for the shareholder, taking into account the Banking Group’s sustainability and the results actually achieved;
- to develop the culture of performance in accordance with the Group’s logic;
- to contribute to the creation of a balanced mix between fixed and variable elements of the Beneficiaries’ remuneration;
- to retain the members of the Banking Group’s management.

In particular, the Plan aims to reinforce the link between the remuneration of Beneficiaries and the performance of the Bank and the Banking Group, ensuring consistency with the expected performance according to the Generali Group’s strategic plan.

To achieve these objectives, it was decided to:

- pay a component of the variable remuneration in the form of Shares and only at the achievement of specific Objectives;
- link the incentive to the Share value resulting from the average price of the Shares in the three months prior to approval, by the Board of Directors, of the draft financial statements and the consolidated financial statements for the previous financial year;
- define a three years’ time vesting period;
- provide for specific malus and claw-back clauses.

2. Recipients

The Beneficiaries of this Plan are the Chief Executive Officer/General Manager of the Bank, the Deputy General Managers, the General Managers of the Subsidiaries, the Area/Direction Managers reporting to the Chief Executive Officer/General Manager and the Deputy General Managers, as well as other Managers — with the exception of the control functions — who will be identified by the Board of Directors, at his sole

discretion, upon launching the Plan or during the Plan's three year period (2023-2025), taking account of the role they have in the Banking Group and provided that such role is significant also for the Generali Group ("Beneficiaries").

3. Methods and clauses for the implementation of the Plan, with an indication of whether its implementation is contingent on the satisfaction of conditions, and in particular on the achievement of certain results

The Plan envisages the free allotment of a number of Shares or, in place of shares, of a Cash Settlement, directly correlated to the satisfaction of specific Objectives, i.e., performance indicators at the level of both the Banking Group and the Generali Group, as indicated in the Participation Form.

With regard to Banking Group's Objectives, which influence the determination of 80% of the number of Shares to be allotted to each Beneficiary, these are linked to three objectively measurable parameters, such as the tROE, Adjusted EVA and ESG AUM (as defined in the Information Document).

With regard to Generali Group's Objectives, which influence the determination of 20% of the number of Shares to be allotted to each Beneficiary, these are also linked to objectively measurable parameters, such as Relative Total Shareholder Return and Net Holding Cash Flow (without prejudice to the provisions of the Information Document), to which further specific sustainability indicators may be added, as specified in further detail in the Remuneration Report.

The number of Shares to be allocated is directly linked to the level of achievement of the Objectives. In detail, at the end of the three-year period commencing on the date of the launch of the Plan, a final assessment is conducted as to the effective achievement of the established Objectives.

The shares actually accrued will be allocated according to the following scheme:

- (i) at the end of the three-year performance period, allocation of 50% of the Shares accrued on the basis of the results achieved, subject to a lock-up period of one year ⁽¹⁾;
- (ii) the remaining 50% of the Shares accrued will be subject to an additional two years' deferral, during which the portion accrued may be reduced to zero if the Banca Generali Banking Group gates set in the Plan are not reached, or if a malus event occurs, and provided that the Relationship with the Banking Group continues as at that date; any Shares allocated will be subject to a lock-up period of one year ⁽²⁾.

Even in the event that the Objectives are reached, the Bank shall not allot the Shares to the Beneficiaries, if the specific gates of the Banca Generali Banking Group linked to the Common Equity Tier 1 Ratio and the Liquidity Coverage Ratio are not satisfied. Furthermore, the Bank shall not allot the portion of Shares subject to the achievement of the Generali Group's Objectives, if the Generali Group's specific gate linked to the Regulatory Solvency Ratio (or other gate that should be identified from time to time by Assicurazioni Generali S.p.A.) is not reached.

4. Support for the Plan, if any, from the Special Fund for encouraging workers to participate in enterprises, mentioned in Article 4, paragraph 112, of Law No. 350 of 24 December 2003

The Plan receives no support whatsoever from the Special Fund for encouraging workers to participate in enterprises, mentioned in Article 4, paragraph 112 of Law No. 350 of 24 December 2003.

⁽¹⁾ The Beneficiary may nonetheless alienate only a number of Shares equivalent in value to the amount of tax charges borne by the Beneficiary in respect of the allotment.

⁽²⁾ The Beneficiary may nonetheless alienate only a number of Shares equivalent in value to the amount of tax charges borne by the Beneficiary in respect of the allotment.

5. Methods of defining the prices and criteria for determining the subscription or strike prices of shares

Not applicable. The Plan envisages the free assignment of Shares. For further details, please refer in particular to paragraphs 2.2 and 2.3 of the Information Document.

6. Lock-up of shares, with particular regard to the period within which subsequent transfers to the company or third parties are permitted or restricted

The Shares allotted to the Beneficiaries will be subject to a one-year lock-up period commencing on the date of allotment ⁽³⁾. This is without prejudice to a different determination of the Board of Directors that is more favourable for Beneficiaries, and without prejudice to the provisions set forth in Bank of Italy Circular No. 285 dated 17 December 2013 (“**Circular**”) and applicable regulations.

The lock-up period will begin on the date on which the Shares are registered on the current account in the name of the Beneficiaries at the Plan Administrator.

After the expiry date of the periods in which shares are locked up, as described above, further lock-up periods may be applied to Shares (pursuant to subsequent resolutions by the Board of Directors), in compliance with the recommendations of the Corporate Governance Code.

These Shares shall not be transferred to third-parties – and therefore may not be sold, allotted, exchanged, carried forward, or otherwise be transferred to any living person – until the end of the above-mentioned time periods, unless authorised by the Board of Directors, which may also order the Shares to remain in custody.

In the event of termination of the Relationship, the Board of Directors may redefine, without prejudice to compliance with the Circular and the applicable regulations, the terms and conditions of all of the above-mentioned lock-up periods, possibly also considering the overall remuneration of the interested Beneficiary, or also by referring to Shares granted in execution of other incentive plans.
