

Report of the Board of Directors to the General Shareholders' Meeting

Authorisation to purchase and dispose of treasury shares in service of Remuneration Policies; relevant and ensuing resolutions; delegated powers.

Shareholders,

The Board of Directors subjects to your examination and approval a motion for authorisation, within the meaning of articles 2357 and 2357-*ter* of the Italian Civil Code, as well as article 132 of Legislative Decree No. 58/1998, as further amended, to acquire no more than 10,515 ordinary shares in Banca Generali S.p.A., and to subsequently dispose of the same, in one or more tranches. At present, the aforesaid shares represent 0.0091% of the Company's share capital.

This Report sets forth the grounds underlying the motion for authorisation, as well as the terms, deadlines and procedures in accordance with which the treasury shares in question are to be acquired and disposed of.

1. Grounds underlying the motion for authorisation to acquire and dispose of treasury shares

Pursuant to the Banca Generali Group's Remuneration policy submitted to the General Shareholders' Meeting for approval, the remuneration of members of the Key Managers and Risk Takers (as defined in the Policy itself) is to be comprised of fixed and variable components.

In this context, the regulatory framework — especially in light of the imminent transposition of Directive 2013/36/EU (so-called CRD 4) into Italian national legislation — requires a portion of the variable component of remuneration to be paid in the form of financial instruments.

Whilst, in the case members of the Key Managers, this requirement is met via the Long Term Incentive Plan, in respect of Risk Takers the same requirement will be met — provided that all the regulatory and factual conditions for its applicability have been satisfied — through grants of ordinary shares in Banca Generali S.p.A. The motion for authorisation is therefore aimed solely at endowing the Company with the resources necessary to comply with the aforesaid regulatory requirements.

2. Maximum number, category and nominal value of the shares covered under the motion for authorisation, in light of the provisions of Article 2357, paragraph 3, of the Italian Civil Code

The acquisition for which authorisation is requested may be effected in one or more tranches, and refers to ordinary shares in the Company, of a par value of 1.00 euro each. In light of the maximum number of shares that could potentially be granted — as determined on the basis of texts currently available, albeit not yet in force, of the provisions through which the so-called CRD 4 is to be transposed into Italian legislation — the maximum number of shares to be acquired, in one or more tranches, may be estimated at no more than 10,515.

As a result, the motion is aimed at obtaining authorisation to acquire no more than 10,515 treasury shares of a nominal value of 1.00 euro each.

The purchase will be carried out within the limits of distributable profits and unrestricted reserves, as per the latest duly approved financial statements.

The company shall set up, pursuant to section 2375-ter, paragraph 3, of the Italian Civil Code, a restricted reserve, in the amount equal to the value of the treasury shares acquired, by withdrawing an equivalent amount from unrestricted reserves. The reserve thus constituted shall be maintained until the acquired treasury shares are transferred. In the event of the disposal of the acquired treasury shares, the aforesaid restricted reserve will be booked back to the reserves from which it was initially drawn.

In such regard, it must be borne in mind that as at 31 December 2013, Banca Generali held 10,071 treasury shares (covering the stock granting plan originally approved in 2001, in favour of Financial Advisors of the former Prime Consult network), or 0.0087% of the Company's share capital, and that Banca Generali's subsidiaries held no shares whatsoever in their Parent Company. As a result, even if the authorisation is availed of to the fullest extent, the number of treasury shares held by the Company would, in any event, fall well within the limit imposed under the third paragraph of Article 2357 of the Italian Civil Code.

3. Term of the authorisation

Authorisation to acquire treasury shares is sought for a period of eighteen months following the date on which the related resolution is approved by the General Shareholders' Meeting.

Authorisation to dispose of treasury shares, whether already held by the Company (in excess of requirements to service the stock granting plan in favour of Financial Advisors of the former Prime Consult network) or to be acquired for the purposes detailed above, is sought without any limitation whatsoever in terms of time, given that there are no regulatory constraints in such regard, and that, moreover, it appears well-advised to afford management the freest hand possible, including in terms of time, with regard to the disposal of treasury shares, especially in light of the evolving regulatory framework.

4. Minimum and maximum price

The minimum purchase price of ordinary shares cannot be lower than the nominal value of the share, equal to 1.00 euro. The maximum purchase price cannot exceed 5% of the reference price of the stock on the trading day preceding the day on which each acquisition is made.

5. Acquisition procedures

Pursuant to article 144-*bis*, paragraph 1(b) of the Rules for Issuers issued by CONSOB with Resolution No. 11971 of 14 May 1999 as amended, the treasury shares shall be acquired in accordance with the operating procedures set forth in the organisational and operating rules of the markets themselves, so as to ensure equal treatment for all shareholders. Accordingly, the acquisitions shall be made exclusively, including in several tranches, on the regulated market organised and managed by Borsa Italiana S.p.A., pursuant to operating procedures established by the latter which do not allow for the direct matching of buy orders with predetermined sell orders.

In light of the grounds underlying this motion for authorisation, the General Shareholders' Meeting is further moved to authorise the Board of Directors to grant the treasury shares, free of charge, to the Risk Takers identified in the Remuneration policy, provided, obviously, that any and all conditions, whether regulatory or imposed under the Policy itself, for entitlement to the variable component of remuneration, have been duly met, it being further understood that the same terms and conditions shall also apply to the treasury shares already held by the Company.

An outline draft of the resolution that the General Shareholders' Meeting is invited to pass by way of approval of the aforesaid proposal is provided below:
